

## **Update Bulletin #6,**

**Dear parents/guardians,**

Hope your summer is going well. We have pretty much reached the half way point of the summer holidays for children. August 1<sup>st</sup> is the day that all who work in education begin to ramp up for the start of the 2018/19 school year. We have had a few more registrations through July so if you are receiving this bulletin for the first time welcome to SAA!

### **Equipment and Furnishings**

Other than a few back ordered items all classroom and office furniture has been delivered and set up at the school. Appliances are being hooked up today. Resources and materials continue to come in as we prepare for the start of school. Our teachers can't wait to set up their classes!

### **Construction Update**

If you have been around our building you will notice that Binder Construction has moved their construction trailer out of the parking lot. That is the signal that we are very close to being able to receive keys. We are awaiting the paper work that grants us Occupancy from the City of St. Albert. We expect this will happen in the very near future. Final touches continue to be done on the building and sub-contractors hired by the District are now working on the classroom sound fields, intercom and emergency procedures system. Our Gym LED Wall and sound system will be delayed completion until the middle of September due to some changes that were needed to be done to the design.

### **Playground Update**

Our pre-construction meeting for the playground was successful. Weather permitting the construction of Playground A is scheduled to begin next week. The City of St. Albert is hoping to have the sod to the field next to our building installed in the very near future.

### **Tours and Visits to the School**

Stay tuned, I hope I will be able to send out an email and post information on our website regarding the visiting of the school and tours very shortly. We will let you know as soon as we can.

### **Clothing Size Samplers**

We will have clothing size samplers available in the school as soon as we can open it to the public.

### **Option Selection Form**

We still have not received all the Option selection forms for students in 4-6 and 7-9 who are registered with SAA. If you have not submitted the Google Form that was sent in June please do so by the end of the week. It's also possible that you may have submitted it but we did not receive it. On Tuesday of next week, we will send out another form for students where we do not have a completed form. Please send it back to us as soon as you can.

### **SAA School APP**

In the next bulletin we will provide information regarding the downloading of our School App for your apple or android device. The App will help to keep you linked to our school. Stay tuned.

Wishing you an enjoyable and relaxing August. Looking forward to meeting you all soon.

Sincerely,

Greg Lamer  
Principal
