

**Update Bulletin #5,**

**Dear parents/guardians,**

Hope your summer is going well, it's hard to believe that we are into the third week of July.

**Huge Furniture Delivery at SAA**

Between July 16 and 18 CDI Furniture unloaded three trailers that had furniture and equipment for the school. During the remainder of this week and next week a large crew will be working on assembling furniture and delivering it to rooms. They estimate it will take them about two weeks to assemble and set up all the furniture. It's really exciting to see the furniture fill the spaces! We also accepted delivery of Physical Education equipment, gymnasium bleachers, art supplies, kindergarten resources, music risers, portable staging, sewing machines, 3D Printers and a host of other resources and equipment.

**Construction Update**

The school is on the last phase of final preparation for public occupancy. Glass doors have been installed in the Learning Commons and Chapel. Final paving in front of the school will be completed by the end of the week. Final touches and cleaning in the building are ongoing. The guys are working very hard as they know that you would like to see the building. We will let you know as soon as we can when you will be able to visit.

**Playground Update**

On Monday we will have our first construction meeting for the playground. As long as the weather cooperates and things go smoothly we are still on track to have at least one play area completed for the start of the school year. Keep your fingers crossed.

Wishing you an enjoyable and relaxing remainder of July.

Sincerely,

Greg Lamer

Lisa Kleparchuk
